GDPR – Privacy Notice

The Greater Gwent (Torfaen) Pension Fund is part of Torfaen Council, which is a Data Controller under the General Data Protection Regulations. This means we store, hold and manage your personal data in line with statutory requirements to enable us to provide you with pension administration services. To enable us to carry out our statutory duty, we are required to share your information with certain bodies, but will only do so in limited circumstances. For more information about how we hold your data, who we share it with and what rights you have to request information from the Fund, please visit <https://www.gwentpensionfund.co.uk/media/3748/privacy-notice.pdf>

Transfer Out Quote Form – Important Information

You should make sure you read this information before signing and sending your form back to us.

Your LGPS Pension

The LGPS is a Defined Benefit Pension Scheme which means that your pension benefits do not depend on how well a pot of money might grow on the stock market or through investments. The LGPS rules guarantee under law the pension rights you receive, and these benefits called **safeguarded benefits**.

What is a Cash Equivalent Transfer Value (CETV)?

A CETV is the cash amount for your LGPS pension benefits that would be paid to an alternative pension arrangement should you choose to transfer your benefits to them and give up any benefits in the LGPS.

Do I have a right to a CETV?

If you are no longer paying into the LGPS we will provide you with a statement of entitlement of CETV once we receive your request. The CETV is guaranteed for 3 months from the date we work it out this is called the guarantee date. Your new pension provider will use this to tell you the additional benefits a transfer to their scheme will buy you.

You must make your choice to go ahead with the transfer within the guarantee period for us to pay the guaranteed CETV amount. If your choice is made after the guarantee date, we will have to work out another CETV and this may be a different amount.

If you are still paying into the LGPS you cannot transfer your LGPS benefits to another pension provider unless you opt out and stop paying into the LGPS. We will send you an estimated CETV based on the benefits you have built up so far.

If you are within 12 months of your Normal Pension Age (NPA) you cannot transfer your LGPS benefits to another pension provider. Your NPA is the age your pension can be paid in full.

What If you have LGPS benefits held with another LGPS Pension Fund?

You can only transfer pension benefits from the LGPS if you have stopped paying into the LGPS and you are not already receiving a pension from the LGPS either in your current job or a previous job. If you have more than one 'deferred' (on hold until retirement) benefit with us or any other LGPS pension Fund in England and Wales you will have to transfer all of your benefits or none of them. You are not able to transfer one benefit and keep another in the LGPS. If you are already being paid an LGPS pension, then you will not be able to transfer your LGPS benefits from the LGPS.

If you are paying into or have paid into Additional Voluntary Contributions (AVCs) these can be transferred to another pension provider separately from your main LGPS benefits.

The LGPS is not a flexible benefits pension arrangement and does not offer members the choice of accessing their benefits flexibly. This is called Freedom and Choice and for more information on Freedom and Choice please visit: <https://lgpsmember.org/more/freedom-choice.php>

Independent Financial Advice

If you are thinking about transferring your LGPS benefits to a pension provided which offers flexible benefits and the value of your LGPS benefits not including AVCs is more than £30,000 you are required by law to get appropriate financial advice. This would be at your own cost and

must be from an authorised independent financial adviser who is registered with the Financial Conduct Authority (FCA) or appointed representative.

For help in choosing an independent financial advisor visit the [money advice website](#).

Pension Scams

The Greater Gwent (Torfaen) Pension Fund try to reduce the risk of pension scams as much as possible, however, once you've transferred your money into a scam, it's too late. You could end up losing all your pensions savings and, in some cases, face a tax bill of up to 55%. The Pensions Regulator provides tips on how you can protect yourself against the pension scammers – for more information please visit:

<https://www.thepensionsregulator.gov.uk/pension-scams>
